Salary Rankings

2024

Missouri NEA prepares the Salary Rankings report annually. This report is compiled using the 2024 Department of Elementary and Secondary Education data published to the school data portal on the DESE website. DESE established average salaries using core data collected through MOSIS. It is a compilation of the information entered six times per year by each of the Missouri school districts. For more information about core data, visit the Missouri Department of Elementary and Secondary Education’s website at dese.mo.gov/MOSIS.

The following sections are included in this report.

*Section 1a** – Rank order listing all the school districts detailing the average salaries of superintendents, administrators, and teachers.

Section 1b – Alphabetic listing of school districts.

*Section 2a** – Listing of school districts ranked by teacher salary, categorized by school district region.

Section 2b – Alphabetic listing of school districts categorized by school district region.

*Section 3a** – Listing of school districts ranked by teacher salary, categorized by school district student enrollment size.

Section 3b – Alphabetic listing of school districts categorized by school district student enrollment size.

**The districts that appear blank at the top of the ranked order listings had multiple superintendents listed. These districts will appear in ranked order again.*

The average for each group is calculated at the end of each sub-section. Below are the state averages of public education certified staff.
